Cooking with Kids

The kitchen is a great place to encourage kids to be helpful. Remember to start simple (5-10 minutes may be just enough time) and keep it fun. Meet their skill level and give tasks that interest them. If they like to pound, introduce bread dough and let them pound away!

Cooking helps kids:

- Learn basic math concepts
“How many eggs are there?”
- Learn new words
“Use the spatula to scrape the bowl.”
- Enhance their senses
“Doesn’t the bread smell good?”
- Boost their confidence
“Let’s serve Joey’s salad for dinner.”
- Eat new foods
“Your salad tastes great, Joey! Don’t you agree?”

Ways your child can help in the kitchen:

- Tear lettuce leaves for a salad
- Stir the batter
- Put pepperoni on the pizza
- Pour the flour into a bowl
- Sprinkle cheese onto the casserole
- Use a cookie cutter

Song

Pat-a-Cake

Pat-a-cake, pat-a-cake, baker’s man.
Bake me a cake as fast as you can.
Roll it, pat it, and mark it with a “B”.
Pop it in the oven for Baby and me!
